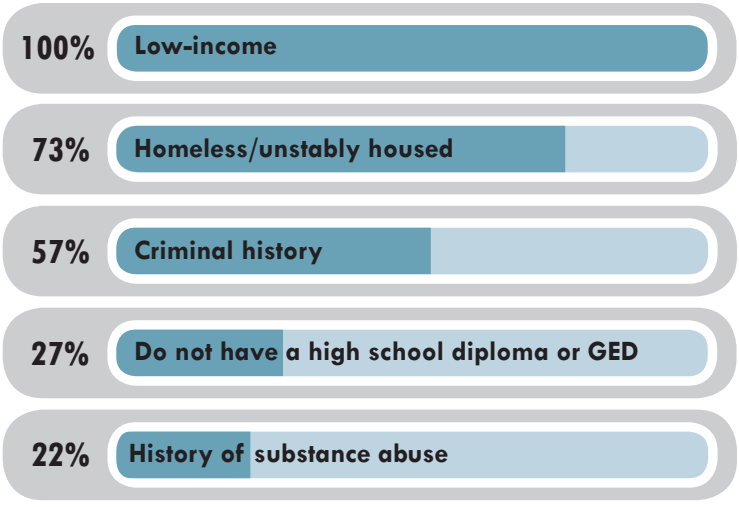
WHO WE SERVE

The men and women who turn to Chrysalis often have **multiple barriers to finding employment** and have nowhere else to go. We customize a plan that addresses each one. Perhaps equally important is how our program helps clients to challenge the negative beliefs they have about their abilities and potential.



> **I call myself a *progress in progress* but after coming to Chrysalis, I know that I can be successful. The best thing that happened was finding people who care for and support me. It has made all the difference.**
